### NPI Services Receives Perfect Marks from AS9100 Rev. C, ISO 9001: 2008 & ISO 13485: 2003 Surveillance Audits (September 30, 2014)

NPI Services, Inc. passed its annual quality surveillance audits for AS9100, ISO 9001, and ISO 13485 last week with zero non-conformance issued. The audit team was led by NPI's Technical Program Manager, Tien Ngo, and Production Manager, John Osowski. The auditors from NSF International stated: "We are impressed with the accessibility of files and traceability of projects as well as the cleanliness of your facility."

### Peace Corps Director's Visit Highlights New Opportunities for YOU! (September 29, 2014)

NPI Services, Inc. Founder and President Judy Greenspon had a wonderful chat with Peace Corps Director Carrie Hessler-Radelet at the reception following the Director's presentation at Beach Auditorium at the CSULB Student

Union on September 5, 2014. Judy especially enjoyed meeting with other local Returned Peace Corps Volunteers (RPCVs) who attended the presentation in the packed auditorium. Two thirds of the audience stood up when asked for a show of how many were interested in serving in the Peace Corps! Why? Well, from first hand experience, Peace Corps service is a life-enriching experience that gives one a more balanced perspective of societal and personal life. Worth the sacrifice? Yes, well worth it. But Peace Corps veteran's stories are seeming more like the elder generation's stories of walking miles to school in the snow, because now serving in the Peace Corps demands far less personal inconvenience than in the "olden days," and offers some new opportunities as well!

### NPI Services Pays Tribute to Aronoff's Continuing Quests (September 19, 2014)

Each year the ARCS® Foundation Orange County's wonderful Arnold O. Beckman Family Lecture and Reception features luminaries from the world of science. NPI Services Inc. Founder and President Judy Greenspon has the honor of introducing this year's speakers, Eyal and Leya Aronoff, who have also been featured speakers at TEDxOrangeCoast. Father and daughter Eyal and Leya will deliver a life-changing address. A clinical trial at UCI has confirmed the benefit of simple sensory enrichment therapy (SET) for autism. This therapy led the Aronoffs on a "journey of hope" that has made Leya's early autism a distant memory.
